UNIVERSAL SEAT COVER RANGE

HDD universal seat covers will fit and protect most seats in saloon, estate, MPV and twincab vehicles. All covers accept appropriate seatbelts, headrests and armrests. In addition we offer a Technician's seat cover for use in the workshop.

The airbag compatible cover is designed to cope with seat mounted side airbags. It will protect a seat from wear and tear but also allow the airbag to deploy safely if necessary.

TAILORED-TO-FIT SEAT COVER RANGE

Designed specifically by commercial vehicle make and model. The tailored design allows for an exacting fit to the vehicle seats. Many modern vehicles now have complicated fold-down desks, cup/drink holders, under seat

storage and rear load area access for extra long loads. HDD tailored-to-fit seat covers are designed to accommodate any particular seating feature the vehicle may have, allowing the driver to fully utilise the seating functionality.

Tailored-to-fit commercial vehicle seat covers for: ■ Ford ■ Vauxhall ■ Renault ■ Mercedes ■ Volkswagon ■ Nissan

TRACTOR & PLANT SEAT COVER RANGE

We offer two universal seat covers, for large and small tractors and plant such as mini diggers and fork lifts. Our easy-to-fit covers meet with HSE dust particles in the workplace requirements and all accept appropriate seatbelts. In addition we also offer a tailored-to-fit seat cover for the large Grammar seat

allowing for adjustment of the rear back support as well as accepting the seat belt. Many modern tractors and plant have an additional matching instructor seat. HDD also offer a tailored-to-fit seat cover for the New Holland Instructor seat which allows the seat to be folded and provides access for the seat belt.
